# AIR NAVIGATION SERVICES

AITSWORLD.COM

The Air Navigation Services (ANS) in the world are provided by government or private entities and regulated by local and international organizations. These critical services for the sustainability of world aviation are regulated by ICAO, EASA, FAA, among others and are the following: Air Traffic Management (ATM), CNS (Communications, Navigation and Surveillance), Aeronautical Meteorology, Aeronautical Information Services / Aeronautical Information Management (AIS/AIM) and Air Traffic Control. In this program we will learn each one of these services, their operations, current status and future trends.

## LEARN, DESIGN & CREATE
